Education to Ease Global Warmi

Step-by-Step Guide

Climate Change Topic	Recycling		
High-tech or Low-tech?	High-Tech		
Duration of Activity (in minutes)	20 minutes essentially and then whenever is needed	Learning Outcome	✓ Understand how to use the 5R's in daily life
Materials Required for Activity	<ul style="list-style-type: none"> • Any internet device • Paper and a pen 		
Step-by-step instructions	<p>Help your environment by using the 5 R's in your daily life!</p> <p>In this activity, we will be learning how to know what is to refuse, reduce, reuse, recycle and rot.</p> <p>Follow these steps to get started:</p> <p>1. Go through your homeware and ask these questions when you are unsure of which approach to take:</p> <p>Refuse: Ask yourself - is this item essential in my life? Reduce: Ask yourself - where am I going today? Is there anything I can bring with me such as shopping bags or my own coffee cup I can take? Reuse: Ask yourself - Can I make use of this item for another purpose, or can someone else? Recycle: Ask yourself - Have I considered all of the above before putting this item into the recycling waste? Rot: Ask yourself - Is this item not 'clean' enough to be recycled first?</p> <p>2. If you need to get anything "new" browse Malta's Marketplace on Facebook or swap groups. You can also donate gently-used items that you don't need anymore.</p>
