<b>Koja je njihova priča?</b>	International Ecoschools je program osmišljen za provedbu smjernica za okolišno obrazovanje na razini cijelih obrazovnih institucija (osnovne i srednje škole, vrtići i internati, škole za djecu s teškoćama u razvoju i visoka učilišta). Nacionalni koordinator programa Ecoschools u Republici Hrvatskoj je Udruga Lijepa Naša.

<b>Zašto je to primjer dobre prakse?</b>	This project is a good example to follow because of the incorporation of environmental education into all segments of the educational system and the daily life of children, students, and young people, as well as Eco school employees. This project also has its mission to raise young generations sensitive to environmental issues and train them to make decisions about the development of society in the future.
<b>Koje su postignuća ostvarena ovim primjerom studije slučaja?</b>	Ovaj projekt je dobar primjer za slijediti zbog uključivanja okolišnog obrazovanja u sve segmente obrazovnog sustava i svakodnevnog života djece, učenika, mladih i zaposlenika Eco škola. Ovaj projekt također ima za cilj podizanje svijesti mladih generacija o pitanjima okoliša i osposobljavanje za donošenje odluka o razvoju društva u budućnosti.
